Erin and Ben / Brad,

I know its last minute - would it be possible to bring 300 copies of each handout? thanks.

wrote:

Absolutely. I will ensure ATSDR has an adequate number of copies of both the Health
Consultation and the Fact Sheet. I'm sure that if EPA has material they would like to
bring or hand out Ben or Brad will take care of it.

Thanks,

Erin

would it be possible for EPA or ATSDR to bring 100 copies of each of the attachments to Oct. 26 meeting? we are expecting an extra large number of attendees and do not have the funds to make all these copies. thank you.

Please see the attached press release regarding the health consultation produced by the Agency for Toxic Substances and Disease Registry.

The health consultation and a fact sheet produced by ATSDR are also attached.
